

Hypertension

American
Heart
Association.

October 7-11, 2026 | Crystal City, Virginia
Hyatt Regency

Hypertension Scientific Sessions is the premier meeting for experts exploring the full spectrum of hypertension research, from basic science to clinical practice. Attendees focus on the critical connections between hypertension, kidney disease, stroke, obesity and genetics. For exhibitors, this highly specialized gathering offers a direct path to the clinicians and scientists who are actively seeking solutions to improve patient outcomes in hypertension-related diseases. The intimate, collaborative environment means more meaningful conversations and higher visibility for your products and services.

2025 Attendance

87%

of attendees
are from the U.S.

Source: 2025 attendee post-meeting survey

88%

of attendees said they were
“extremely” or “very” likely to
recommend Hypertension
to a colleague.
