Resuscitation Science Symposium

American Heart Association.

November 7-8, 2026 | Chicago, Illinois
McCormick Place Convention Center

Resuscitation Science Symposium is the leading forum for advancing science at the intersection of critical care medicine, emergency cardiovascular care and cardiopulmonary resuscitation. ReSS draws a multidisciplinary audience focused on translating bench-to-bedside discoveries and community-based approaches into better outcomes. Exhibitors benefit from the opportunity to connect with a highly engaged group of specialists who are passionate about resuscitation innovation, giving your company a powerful platform to share solutions that save lives.
